

## Nazareth Farm 2018

One of the service trips that our parish goes on every year is the trip to Nazareth Farm. Our parish sends a group to team up with groups from other schools or parishes in the country to spend a week at Nazareth Farm to serve the local community of Salem, West Virginia. The program is founded on the four cornerstones of prayer, service, community and simple living. While on the trip our teens assist in home repair and basic construction work in the community. The trip is a wonderful way for our teens from our parish to get know each other better, as well as bonding with teens from other places. The trip is wonderful experience centered around faith and service.
