

Notre Dame Vision

Notre Dame Vision is a Catholic youth leadership training program run at the University in South Bend, Indiana. Students from high schools and parishes all over the country are invited to attend these week-long sessions at Notre Dame, where the school staff and college student volunteers run the program. Throughout the week, teens participate in a variety of group activities, discussions and workshops to develop their faith and leadership skills. The program provides many opportunities to attend Mass, prayer services and the Sacrament of Reconciliation as well. Notre Dame Vision is a very comprehensive program that really helps teens to bond with their peers and experience personal growth.
